It is near Burdock, SD (no specific address). I don't have any of my own maps yet. I will send you the PA this Friday when I receive. Yes, we can meet!

Thanks,

Dania Zinner

The maps you gave me identify the DFT Uranium Mine Site, even though it says it is for Dewey Burdock? I just want to be able to explain it to Toeroek when I give them the maps.

Dania, would you happen to have any documents (PA/SI report, etc.) were I can give an address or location of where the site is? I have to put that in my Statement of Work to Toeroek.

As soon, as the Work Assignment has been approved, would you mind if you, Amelia, Toeroek and I meet to make sure we give them the correct information and needs.

Thank you Dania.
Sharon

Hi Sharon,

No, that is a separate site that is in the process of getting permits to be an active in-situ uranium mine. The current boundaries are around the DFT site but Powertech has said that if we list this site, they will probably change the boundaries of their site to exclude the DFT site.

Thanks,

Dania Zinner

Dania,

Is the Dewey Burdoch site part of the DFT Abandoned Mine site?

Thanks,
Sharon
